# WELCOME MESSAGE

Dear Parents and Students,

With immense pride and gratitude, we extend a heartfelt welcome to MG Global School, a vision realized to bring world-class education to our beloved community. Having been privileged to earn your trust and support as pioneers of private education in Gudha Gorji as Central Academy Gudha and MGD College Gudha, we are now thrilled to take our legacy forward with this extraordinary institution.

This is more than just a school—it's a hub for holistic development, where aspirations take flight and lifelong values are instilled. Together, let us shape the future of our children and continue this journey of excellence.

Warm regards,  
Dr. Pratibha Godara

01

Thank you for your unwavering trust. We look forward to your continued support in making MG Global School a light house of education in our region.

02

# ABOUT US

Welcome to MG Global School, a proposed CBSE English Medium Co-Educational school dedicated to transforming education in Gudha Gorji. With a vision to provide world-class education at an affordable price, MG Global School is set to redefine learning by offering exceptional infrastructure, modern facilities, and a nurturing environment for holistic development.

Under the visionary leadership of Shri Hari Singh Godara and Dr. Pratibha Godara, who have been instrumental in revolutionizing the educational landscape of Gudha Gorji, MG Global School aims to continue their legacy of excellence. Their extensive experience and unwavering commitment to education have already brought transformative changes to the region through successful institutions like Central Academy and MGD College.

At MG Global School, we believe every child deserves access to quality education that prepares them for a bright future. With a focus on affordability, inclusivity, and innovation, the school is poised to be a beacon of progress and opportunity for students and families in the region.

03

# VISION

To cultivate a generation of compassionate, ethical, and globally conscious leaders who seamlessly blend ancient wisdom with modern advancements, creating a sustainable and harmonious world.

# MISSION

To provide transformative education that nurtures critical thinking, creativity, and emotional intelligence. We are committed to:

- **Self-Management and Empowerment:**

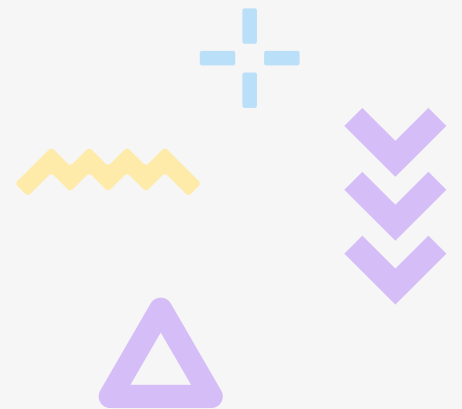

Inspiring students to become self-reliant, motivated, and purpose-driven individuals.

- **Holistic Development:**

Balancing academic excellence with emotional, social, physical, and moral growth to create well-rounded individuals.

- **Global Competence:**

Equipping students with 21st-century skills and a global perspective, while fostering respect for cultural heritage and values.

- **Innovation and Sustainability:**

Integrating cutting-edge technologies and sustainable practices to prepare students for future challenges.

- **Inclusivity and Accessibility**

Ensuring equal opportunities for meritorious students through scholarships and community engagement programs.

# SCHOOL FACILITIES

MG International School is committed to bringing world-class education to Gudha Gorji, aiming to empower the community and drive societal transformation. The school boasts state-of-the-art facilities, including over 50 spacious and well-equipped classrooms, modern and futuristic science and computer labs, dedicated music and art rooms, and a sprawling sports ground to nurture holistic development.

Recognizing the need for quality education close to home, we are also planning a residential block to provide a safe, nurturing environment for students. With an affordable fee structure, parents no longer need to send their children out of Gudha Gorji for better opportunities—MG International School offers the best right here.

Our vision is to create a hub of excellence, ensuring every child in our region has access to exceptional education and facilities while staying rooted in their community.

05

# OUR MENTORS/ BOARD OF ADVISORS

## Professional Teacher

MG Global School is guided by a distinguished Board of Advisors comprising eminent educationists, bureaucrats, and social reformers. This esteemed panel plays a pivotal role in shaping the school's journey by offering constant observation, monitoring, guidance, and mentorship in key decisions.

Their expertise ensures that the school stays aligned with its vision and mission of providing affordable, quality education, fostering future-ready skills, and driving societal transformation. With their valuable insights and leadership, MG Global School is committed to achieving excellence in every aspect of education.

06

# CAREER-ORIENTED CURRICULUM

At MG Global School, we are deeply aware of the challenges students face when balancing school and external coaching for competitive exams like NEET, JEE, NDA, CLAT, and Civil Services. The increasing trend of enrolling children in coaching institutes as early as Class 6 has not only put undue pressure on young minds but also robbed them of the joy and freedom of childhood. Managing schoolwork alongside rigorous coaching schedules often leads to burnout, stress, and a compromised overall development.

Understanding the importance of both academic success and personal growth, MG Global School introduces a comprehensive career-oriented curriculum. Starting from Class 6, we offer in-school foundation courses to prepare students for all major entrance examinations. This eliminates the need for external coaching, ensuring students can focus on their studies without the burden of additional schedules.

07

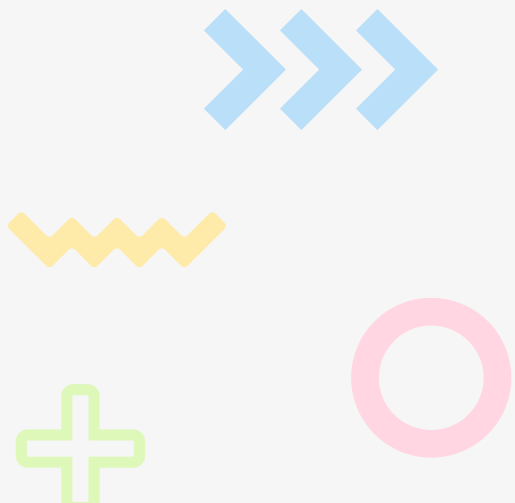

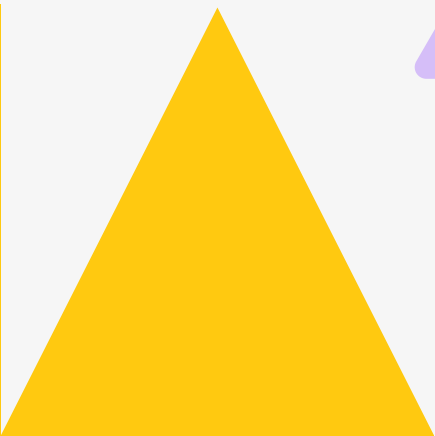

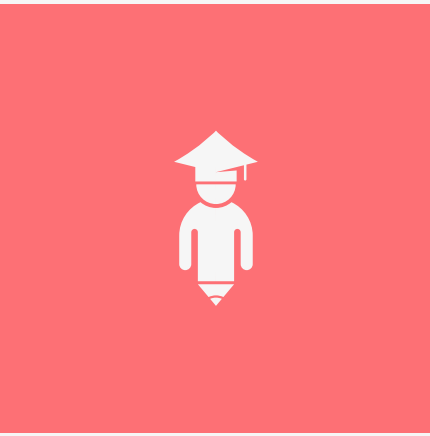

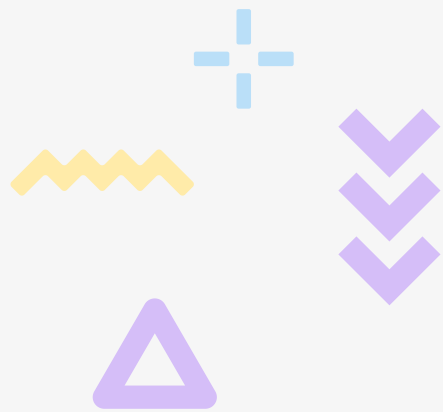

To make the learning process more effective, the school employs psychometric testing to identify each student's unique strengths, interests, and abilities. This allows us to guide students toward the right career path, whether it is medicine, engineering, law, the armed forces, or administrative services.

The students of Central Academy, Gudha Gorji, have already brought laurels to the region by excelling in these competitive examinations, proving the potential of students from our community. MG Global School builds on this legacy by providing even greater resources, expertise, and focused guidance to nurture talent and help students achieve their dreams—all within a supportive, stress-free environment.

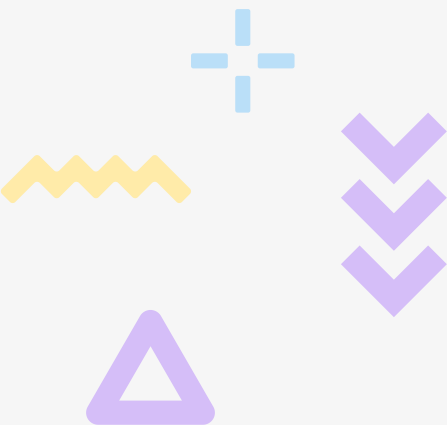

By ensuring high-quality education and career preparation under one roof, MG Global School aims to transform the way students prepare for their future, preserving their childhood while setting them up for success.

# PREPARING STUDENTS FOR TOMORROW

MG Global School is committed to equipping students with the skills and capabilities they need to thrive in the rapidly evolving world. Unlike traditional schools that remain focused on outdated methods and remedies of the past, MG Global School takes a forward-thinking approach by integrating future-ready skills into the day-to-day curriculum.

09

We prioritize areas that are essential for tomorrow's leaders:

Communication Skills:

To help students express themselves effectively and confidently in any setting.

Problem-Solving and Critical Thinking:

To prepare them to tackle real-world challenges with creativity and logical reasoning.

Learning and Life Skills:

Including adaptability, teamwork, and decision-making, to help them succeed in any endeavor.

Artificial Intelligence and Robotics:

To introduce students to cutting-edge technology, ensuring they are ready for careers of the future.

Health Education:

Fostering physical and mental well-being through a strong focus on fitness, nutrition, and emotional resilience.

Self-Exploration:

Encouraging students to understand themselves, their passions, and their strengths.

Psychometric Testing and Career Counselling:

To identify individual interests and talents, offering personalized guidance for future career paths.

The integration of these areas ensures that students not only excel academically but also develop as well-rounded individuals with the tools to succeed in the modern world. Preparing students for the future is no longer optional; it is a necessity. As technology, careers, and societal needs evolve, it is our responsibility to prepare children for what lies ahead, not just for what has been.

MG Global School stands apart by fostering a progressive, holistic environment where every student is prepared to lead, innovate, and adapt to the demands of tomorrow.

10

# SOCIAL IMPACT

With a legacy of transforming education through Central Academy and MGD College, we as the directors of MG Global School are now set to make an even greater social impact in the region. The inception of MG Global School reflects their unwavering commitment to uplifting society through affordable, quality education that is accessible to all.

## Key areas of social impact include:

01

### Affordable Quality Education:

MG Global School aims to provide world-class education at fees that are within reach of families in the region. This ensures that children no longer need to leave Gudha Gorji to access better learning opportunities.

02

### Promoting Girl Child Education:

Recognizing the importance of empowering young girls, the school will actively encourage girl child enrolment, ensuring equal opportunities for them to excel academically and in their careers.

03

### Career-Oriented Education:

By integrating career-focused learning and psychometric-guided counselling, MG Global School will prepare students to achieve their aspirations in medicine, engineering, law, administrative services, and beyond—without the need for expensive external coaching.

04

### Futuristic Education:

With a curriculum that includes AI, robotics, and life skills, the school is preparing the next generation to excel in an ever-evolving, tech-driven world. This future-ready approach will empower students to compete globally while staying deeply rooted in their values.

MG Global School's mission is not just to educate but to create societal transformation. By addressing the educational needs of the region, promoting equality, and focusing on holistic development, the school aims to shape a brighter future for Gudha Gorji, one student at a time.
